

Z 185/2

Busbar supports made of duroplast

Article number	Colour
011500	Grey

- Operational alternating current 1000 V
- Continuous current exceeding 4000 A
- Phase interval 185 mm

Raw material properties

Thermal dimensional stability acc. to Martens
Density
Fire behaviour
Specific contact resistance
Dielectric strength (90°C vertical)
Creep resistance
Halogens

DIN 53462	°C	>150
ISO 1183	g/cm ³	1,75
UL 94	class	HB
IEC 60093	Ohm cm	10 ¹²
IEC 60243	kV/3 mm	14
IEC 60112	CTI	600
None (Beilsteinprobe)		

(additional data available on request)

The data given are subject to certain tolerances affected by manufacturing processes as well as the inserted pre-products. That is why these figures are average values, i.e. non-binding standard values which cannot be used to derive a guarantee claim from. We reserve the right to make changes!
